CONSENT

Patient records are held on the computer as well as paper. GPs are responsible for the confidentiality of these records. On occasion, we share information from the patient records with the Health Authority, NHS England, CCG, hospitals and other NHS/partner organisations in the interest of patient care.

If required please obtain a confidentiality leaflet from reception.

RIGHTS AND RESPONSIBILITIES FOR PATIENTS AND THE PRACTICE

We believe that the practice and patients both have rights and responsibilities to ensure a friendly, courteous and efficient service provided under a safe environment. Below are some responsibilities that patients and the practice should always follow.

Patients

- You have the right to a full explanation of your illness and any tests, investigations or consultations relating to that illness.
- If you require a referral to a specialist you will be offered choice, in accordance with the NHS 'Choice and Booking' agenda.
- You should treat the doctor, nurse and other staff members and patients with courtesy and respect at all times.
- As this is a busy practice, please be patient if the doctor/nurse is running late.
- Please note that it is not our policy to provide housing and social needs letters to patients. Such letters are only provided when requested by an official body i.e. The council. Social services.
- All non-NHS services will incur charges depending on the service requested, please
 confirm the agreed fee with staff before proceeding with your request. Any private
 report etc. is provided on the basis of your medical conditions and fees are charged in
 respect of time spent preparing such reports, therefore fees are non-refundable.
- Please note that first seven days of any sickness a self-certificate (SC2) is sufficient.
 However, if requested a private certificate may be issued and appropriate fee charged.
- 48 hours notice is required for all repeat prescriptions. Requests for repeat medication
 are not normally accepted over the phone. Please use a SAE or attend the surgery in
 person. All repeat medication should be ordered in advance and not when you have
 run out. Repeat medication will only be issued when due, in accordance with the dose
 indicated by your doctor.
- Please ensure a single appointment is for one person and one or two problems only. If you have more than two medical problems please inform the receptionist when booking your appointment.

Practice

- Everyone attending the practice is to be treated with respect and courtesy at all times, irrespective of his/her ethnic origin, religious beliefs, personal attributes, or the nature of health problem.
- We will maintain your right to privacy and confidentiality and will not discuss your illness with other staff members on an unprofessional basis.

We maintain the right to remove patients from our list who display unacceptable behaviour or violence towards staff or other patients.
